

Review Facts, Ready For Monday Hearing

LEMONT -- An executive committee of homeowners along Archer, McCarthy, Bell, Derby and other roads in the vicinity of a proposed landfill site at Mt. Vernon Memorial Hills Cemetery met recently.

New information resulting from several months of research into waste disposal and efforts in other areas to solve this problem was discussed. The meeting was at the home of Raymond and Claudette Walschlager.

The group was preparing for the public hearing at the Lemont Village Hall, set for Monday, Nov. 17, beginning at 5 p.m. The public has been urged to attend to support local persons objecting to the landfill.

All present recognized the enormity of the problem and

shared Mrs. Walschlager's sentiment that "the more I learn about it the deeper are my convictions that such profit-motivated half-measures as we are confronted with here only add to the problem."

She then quoted from HEW Secretary Robert Finch's testimony before a Senate sub-committee, Sept. 30, wherein he cited the "gargantuan volume of wastes that are piling up faster than they can be disposed of," emphasized the need for better planning and coordination between whole areas, and pointed to the "pathetic failures" of communities to solve the problems.

To illustrate this last point of Sec. Finch's, Mrs. Walschlager offered a clipping from the Chicago Sun-

Times of Sept. 28, an AP dispatch from Winston - Salem, N.C., headed: "Armory Blast Blamed On Gas from Landfill," which revealed: "Concentration of gas from a city landfill was blamed for an explosion in a National Guard Armory that injured 25 guardsmen... seven of the men were flown to Brooke Army Medical Center, San Antonio, Tex."

Five others were hospitalized at Winston - Salem. The blast seared walls and ceilings, shattered windows and sheared off a corner of the roof. The supply room burst into flames.

Con-Con Tuesday

SOUTHWEST -- The race for Illinois Constitutional Convention delegate seats is in its closing week. Election places across the state are going to be open Tuesday so that 116 persons can take their places in Springfield beginning Dec. 8.

The issue for each voter Tuesday is which two men of the four listed on the ballot for each state senatorial district can best represent the voter's interests.

Election preparations have been made in Will and Cook counties for the election of delegates in each of the three local district to the constitutional convention (con-con). Voting is in the regular election polling

places from 6 a.m. to 6 p.m.

In the Southwest area, the 40th and 41st districts in Will County and the 9th in Cook County are voting.

The districts, the candidates, and what their leading interests in the revision of the state's constitution are to follow. The top vote-getters in each district will become delegates.

The 40th District

KENNEDY SPACE CENTER -- You will be hearing much next week about "Conrad's parking lot."

It is a little spot on the Moon's surface and the precise landing target of the nation's second manned lunar landing mission.

It is only 300 feet in diameter, but Charles (Pete) Conrad Jr., Apollo 12 commander, intends to land the lunar module Intrepid there within a half-mile of a robot Surveyor spacecraft which has been on the Moon since April, 1967.

The feat has been billed as man's first pinpoint landing on another celestial body.

If the countdown goes as well as it did on previous Apollo missions, the huge Saturn V vehicle will lift from Complex 39A here at 10:22 a.m. Friday.

Intrepid is scheduled to touch down on the Moon a few minutes before 2 a.m. Nov. 19 (next Wednesday).

Neil Armstrong and Buzz Aldrin, first men on the Moon, had it easy compared to Conrad, Alan Bean (lunar module pilot) and Richard Gordon (command module pilot).

Apollo 11's target was an area 12 by 1.5 miles.

Apollo 12 will last 10 days, four hours and 40 minutes, or two days longer than Apollo 11. Conrad and Bean will take two walks on the Moon, each at least 3½ hours, and will spend 31½ hours on the lunar surface.

Armstrong spent 2 hours 40 minutes outside the Eagle on the Moon.

Conrad, a 39-year-old Navy test pilot, and Bean, a space rookie at 37, in their first Moon-walk will venture down an incline to the Surveyor now resting in a lunar crater and attempt to retrieve a TV camera which sent 6,315 pictures back to Earth.

They also will snip a piece of the TV's power cable for later examination of what happened to germs from Earth.

Another major activity will be deployment of a package of nuclear-powered instruments designed to send information back to Earth for two years.

Eight instruments make up the automatic station. They will listen for Moonquakes, detect shocks caused by impacting meteoroids, measure number, speed, energy and direction of charged particles which rain down on the lunar surface, and determine if the Moon has a magnetic field and how solar winds and the Earth's magnetic tail affect it.

Hopefully, the crew will be able to collect more lunar specimens than did Apollo 11's crew.

When the Moon-walkers are finished, they will rejoin Cooper in lunar orbit aboard the command module, named the Yankee Clipper.

Once safely aboard, they will send the ascent stage of Intrepid crashing into the Moon. Unless Intrepid impacts too close to the instrument package, the artificial Moonquake caused by the collision can be used to calibrate a seismometer, or Moonquake detector, in the instrument package.

Apollo 12 will take about 81 hours, instead of the 73 for Apollo 11, to reach the Moon because the spacecraft will travel a different route.

Instead of the free-return trajectory of previous flights, the Yankee Clipper will fly a hybrid trajectory.

Although slightly more risky, the new path permits greater flexibility in controlling transit times to the Moon.

If trouble occurs before reaching the sphere of lunar gravity, about 54 hours out, the crew can make a U-turn and return to Earth. In an

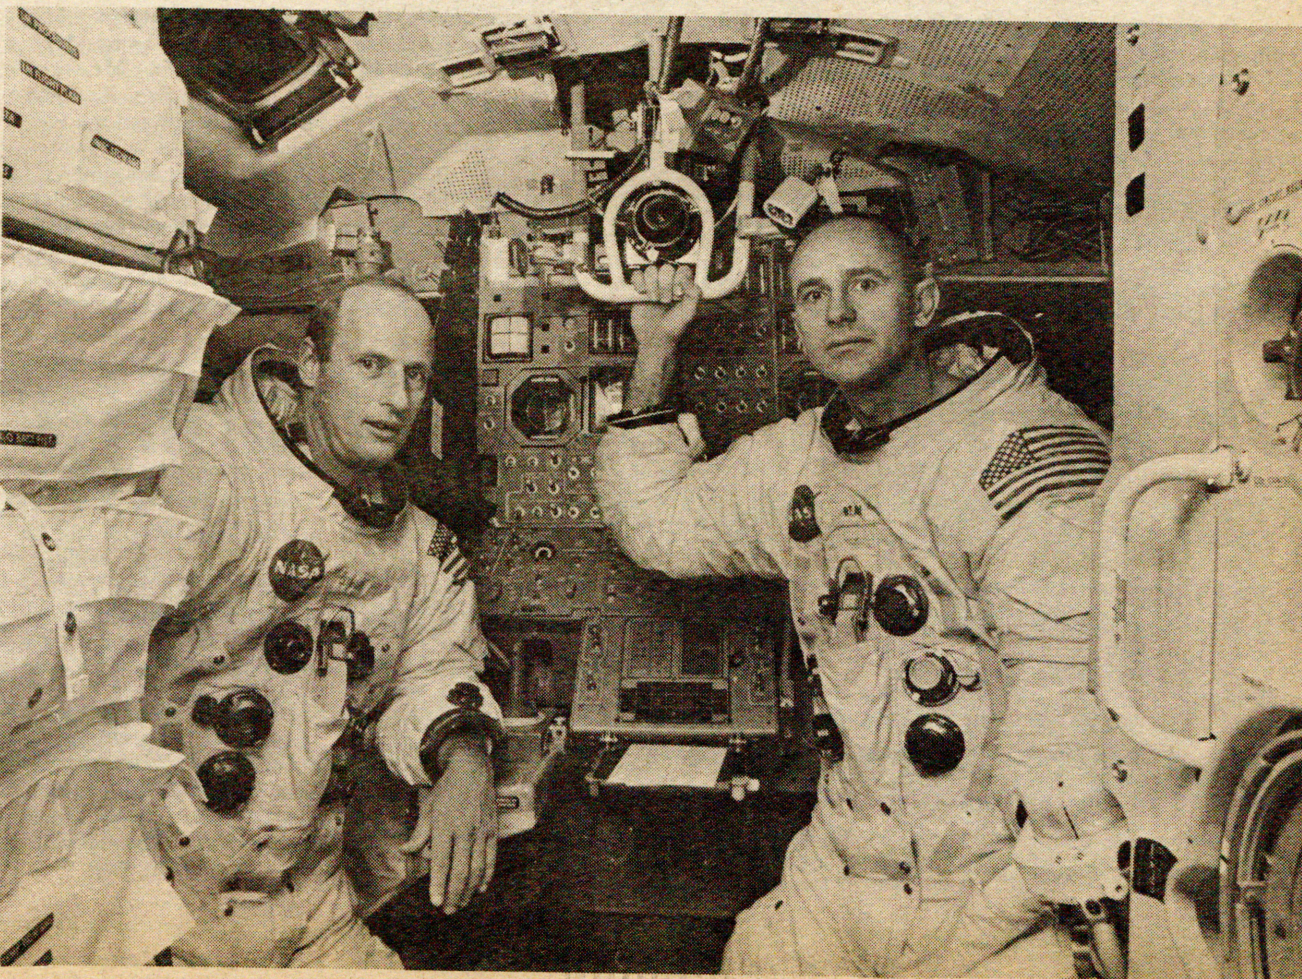

emergency on free-return trajectory, lunar gravity would be used to sling the craft around the Moon and back toward Earth.

In an emergency on hybrid trajectory in the lunar neighborhood, they must maneu-

Voters Beat School Tax 3rd Time

LINCOLN ESTATES -- Lincoln Estates voters for the third time this year has voted down a proposed increase in the school educational and building fund tax rates.

The board of education of Ann Rutledge Dist. 56-C appealed to the voters last week to put more money at its disposal but the voters said no.

The returns were as follows:

For a 40-cent increase in the educational fund tax rate which would have raised it from \$1.32 to \$1.72 per \$100 equalized assessed valuation:

Yes 42 votes

No 136 votes

For a 10-cent increase in the building fund rate, from 25 cents to 35 cents per \$100 assessed valuation:

Yes 40 votes

No 135 votes

What the board will do now

is something on which a decision is yet to be made. A study is being made of the district's finances. The district reportedly will get more money in state aid, as will all districts, and it is possible the valuation of the district will be increased sufficiently to be of assistance.

There is a possibility, of course, that the district could merge with another and thus get a broader tax base.

The Rutledge board has not spoken of this. However, some of the people living in the district have.

There are two ways in which a merger may be brought about, it was explained by school authorities.

One -- the simplest way -- is for one district to petition another and ask that the petitioner be joined to that particular district. If the district petitioned and

the board of county school trustees approve of the proposition the districts are merged.

Should the district petitioned decline to accept the proposal there is machinery that can be used to put it to a vote. For a merger to be approved in this manner it would have to get a favorable vote in both districts. It was pointed out that under such conditions it was quite unlikely that a merger could be effected.

No one appears to have the answer as to what would happen if a school district were left high and dry with insufficient funds and unable to become a part of another district. No one has the answer to that, it was said, because such a situation has never materialized.

Pleads Guilty, Gets 50

SOUTHWEST -- Walter L. Scoggins, 28, of rural Lemont, has been sentenced to 25 to 50 years in prison for the Oct. 26 murder of Floyd A. Ortendahl, a Joliet Yellow Cab driver.

Scoggins pleaded guilty to murder and was sentenced by Circuit Judge Michael Orenic. State's Attorney Louis R. Bertani recommended the 25 to 50 year sentence in the Illinois State Penitentiary.

Scoggins, who was represented by Public Defender Thomas A. Vinson, waived the right to have his case brought before the Will County Grand Jury.

Ortendahl's body was found in a forest preserve near Bluff Road, near the Will-Cook County Line, on Sunday, Oct. 26. He was a Lockport resident.

Scoggins was arrested by state and county police in the Lemont area, early Monday morning. He had been living in a trailer in Will County.

Scoggins was returned to the county jail Wednesday.

THE PARENT'S CLUB OF ST. JOSEPH'S SCHOOL will present Flower Fantasy Wednesday, Nov. 18 at the school hall. Pictured from left are Mrs. Leroy Moore, Mrs. Patrick O'Neil, Mrs. Zenon Kowalczyk, and Mrs. Donald Canter. The program begins at 8 p.m. and will feature Robert Watkins, Chicago florist. His arrangements will be given away as part of \$500 in door prizes. All proceeds will benefit St. Joseph's Science department. All tickets for this event have been sold.

VFW Is Backing President

MOKENA - Veterans of Foreign Wars Post No. 725 of Mokena has urged that all citizens speak out in support of the President of the United States and the efforts of the United States

government to stem the flow of Communism in South Vietnam.

Speaking in behalf of Post No. 725, Commander Art Sitzberger said: "The delegates attending the V.-F. W. National Convention

in August in Philadelphia, Pa., unanimously urged that our government continue to seek victory in Vietnam and that all of our citizens lend their full support to the men on the fighting front.

"Frankly, we are sick and tired of listening to a very vocal minority undermining the bargaining position of our President and in so doing endangering the lives of our men on the fighting front," he continued. "It is my belief that the time has come when the much talked about silent majority should speak out. We must let the men on the battlefield know that they have the support of the people at home and we must let Hanoi know that the President has the support of the people in this country."

"It is my hope that the people of this area will speak out on this issue and that other patriotic, civic and fraternal groups will join with us in this crusade. I am firmly convinced," Commander Sitzberger concluded, "that if we fail to speak out now, the vocal minority in this country will most certainly take over all that is meaningful in this country will most certainly take over is meaningful in this land of ours. No one seeks peace more urgently than the Veterans of Foreign Wars, but we will not seek peace at any price which is what the vocal minority is calling for today."

A similar state statement was made by Commander Ed Reener, of the Harry E. Anderson Post, No. 9545, at New Lenox. He urged all community organizations to join in the VFW "Operation Speak Out," a program designed to encourage the "silent majority" to show their support of the government on the Vietnam question.

Prepare Visitor Welcome

LOCKPORT -- Mrs. Harold Finley, community chairman for the International Thanksgiving Fellowship, is busy making arrangements for the many foreign students who will visit in the Lockport area during Thanksgiving weekend. The program is coordinated through the International House at the University of Chicago.

Each year, approximately 4,000 invitations are sent out to foreign students at various learning institutions in Chicago. Of these, between three and four hundred students accept. Lockport is one of eight participating communities in Illinois.

This is the eleventh year for Lockport residents to invite students from other countries to share their fam-

ily's Thanksgiving celebration. Many activities have been planned, according to Mrs. Finley, including tours of area landmarks, keyed to the students' field of interest.

Area residents who will open their homes to the students are; Mrs. and Mrs. James Edson, Mr. and Mrs. Eugene Korst, Mr. and Mrs. Bill Johnson, Mr. and Mrs.

Calvin Bismarck, Mr. and Mrs. George Jerabek, Mr. and Mrs. Frank Lynch, Mrs. Hope Placensio, Mr. and Mrs. Jerry Harlan, Rev. and Mrs. John Huff, and the Finley's.

Persons who are interested in participating in the Fellowship, either as host families, or assisting in some other way, are asked to contact Mrs. Finley at 838-5683.

Okay 3 For Police Training

ROMEORVILLE -- Romeoville trustees approved schooling for three full time police sergeants. Expenses will be paid in part by the village if work is satisfactorily completed. Full cost is \$230 per man. Police and Fire board officials asked and were granted permission to hire a seventh full time officer.

Lee Rawson, former trustee, questioned by letter several aspects of the impending library referendum. Rawson asked why the Vill-

age of Romeoville must bear the full referendum costs if the proposal fails. John O'Hara, mayor, said the letter would be taken under advisement.

Romeoville's request for 701 funds will be reviewed on November 11, at 30 N. La Salle Street at 10 a.m. Shifting of funds may provide the village with some funds this year.

Alexander Construction Company provided board members with a detailed report on measures taken to

date to satisfactorily repair homes south of 135th Street. A motion to ask for this report had been made at a previous board meeting.

Performance bond requirements will be investigated. These will be related to street, sewers, etc.

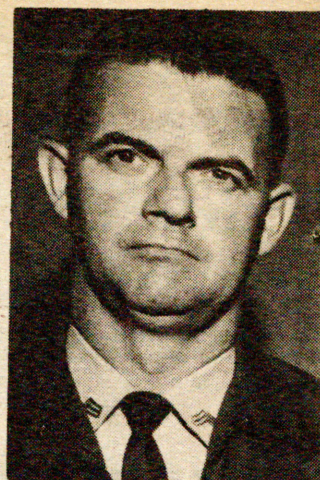

Men of the fire department have devoted in excess of 5,500 hours in a year; 324 ambulance calls were answered; 70 fire calls; 11 rescue missions and 19 training sessions.

Purchasing of the 68 acres

west of Lake Shirley can be funded from the building permit fund in the amount of \$41,000. Several other methods of payment are available. Land will be used for recreation.

Approval for remodeling work in the police department was granted. Twenty four square feet of additional space will be provided. Cost will be about \$500.

A memorial to Romeoville servicemen will be erected at the Civic Center.

BOLINGBROOK police officer Robert Ewald, 157 Vernon Dr., was among 40 officers who recently completed Northern Illinois University's four-week police training institute.

MARCEL LEVESQUE, Romeoville, has been elected president of the Bank of Westmont. Levesque and his wife, Theresa, have three children and are members of St. Andrew's Parish. He was formerly a vice president of the bank and has been with the firm since 1965.

New Hours At Mokena Library

MOKENA -- New hours have been posted by the Mokena public library. On Mondays the library will open evenings from 7 to 9 o'clock. The hours for Tuesday, Wednesday, Thursday and Friday, will be from 2:30 to 6 p.m. On Saturday the hours are from 10 a.m. to 2:30 p.m.

It was also announced there are a number of new books on the shelves. Titles for adult readers are: "The Murder of My Aunt," "Last Stop, Camp 7," "Die Laughing," "Linguistics Today," and "The Maiden Voyage."

Four new books grace the junior shelves. "Cata-mountain," "Around the World in Eighty Days," "The High King," and "Johnny Reb."

The easy books are: "Headstart Book of Looking and Listening," "Everybody in A Counting Book," "Up A Tree," and "From King Boggins Hall to Nothing At All."

Wanted: Voluntary Truck Traffic Curb

FRANKFORT -- An effort is being made at Frankfort to persuade trucking firms serving industries on Center Rd. to follow U.S. 45 to Laraway Rd., then east to Center and north on Center.

A group of residents of the village have been seeking help from the village board and other governmental agencies in their endeavors to curb truck travel through Frankfort.

The state highway department has told them there is no legal means open to

prohibit use of state aid streets and highway by trucks. There are load limits prescribed by state law for state roads. The village could impose load limits on its own streets, the state highway department said. There would be the problem of enforcing compliance with such limits, it was said, necessitating more manpower than is available now.

The county board of supervisors did not make it any easier by its action last week removing all load limits on county highways. The county did have a 12-ton

load limit on the books but this has been removed and there is no limit.

The state highway people and others have suggested that an agreement with trucking firms to voluntarily follow the U.S. 45 - Laraway route is the most practical solution. Mrs. Joseph D. Yurkanin, spokesman for the group which seeks to curtail truck traffic, said that the members would aid Frankfort police in distributing cards with a map of the route and a request for truck drivers to follow it. The village board asked John Djerf, an associate of the Ronert Hamilton firm (village engineers) to draw a map that could be printed on cards to make for easy distribution.

Mrs. Yurkanin said that they realized that trucks could not be kept out of the village, that they had deliveries to make there but it was the goal of her group to reduce such traffic to a minimum.

Trustee Howard Osmus told Trustee Lynn Kohl-

hagen that one of the concerns of the group were the trucks of the K & K Concrete firm, in which Kohlhagen is associated. He is also chairman of the street committee. He told Mrs. Yurkanin there was no conflict of interest and that K&K was willing and ready

to cooperate with her group.

Like other firms, however, K&K has deliveries it must make in the village, it was pointed out.

Trucking firms supplying customers in Frankfort will be furnished with maps of the proposed truck route and will be asked to comply with

it. The question will be discussed again, probably at the next village board meeting. Mrs. Yurkanin informed the board that her group intended to keep pushing the program to eliminate as much truck traffic as possible in the village.

To View Policies

LEMONT -- Are students interested and responsive citizens? Are they informed about the United States and its policies?

Interested students and teachers will find out the answers to those questions at Lemont Township High School Tuesday, Nov. 18 at 4 p.m. in a panel discussion.

They will be discussing the question, "What Should Be

the United States Foreign Policy in Viet Nam?"

The purpose of the discussion is to present the many viewpoints that are held by the students and the teachers and to see if a solution of any kind could ever

be attained. The students chosen for the discussion will represent a cross section of student opinion

Bromberek Is Seeking Room

LEMONT -- "The administration staff and board of education have been studying the need for improving the basic educational program at Bromberek School for many months. The use of a multi-purpose room would be a tremendous improvement for meeting needs of the boys and girls in the school," reported Ed Vician, superintendent.

The board recently reported that actually it was decided to provide the faci-

lity of a multi-purpose room over two years ago and the community was in favor of the decision. However, because of rising costs and limited bonding power, the addition of a multi-purpose room was delayed for the past two and a half years.

"The need for this facility is all the more apparent educationally and is an important factor in the social and economic rating of the community as well. Home value and saleability are all

increased by better schools. Better schools mean a better community," stated Vician.

The superintendent stated that his building proposal is very practical in that it meets a number of needs; as a gymnasium, lunchroom, auditorium, assembly area, band room, dramatics, community meeting place and evening recreation room.

In addition, it actually gives the school an added classroom, while one class is in the multi-purpose room, another room is vacant and can be utilized by a group by proper scheduling. Therefore, this addition will give the school additional classroom space.

The referendum to approve the \$95,000 addition will be held from noon until 7 p.m. on Nov. 15 at the Bromberek School. All residents are asked to come out and vote.

Vician also stated that, "The addition is very practical for the educational curriculum as well as from physical appearances. A road is being cut this very week 50 feet north of the school and parallel to the school, and this will expose the present unattractive portion of the otherwise attractive building."

"Action is necessary since it will take over a half year before the facilities can be made ready for use," remarked Vician.

The board is cost-conscious in planning the facilities and has stressed that the design that will be chosen will give the most possible facilities without sacrificing quality of construction.

LEMONT FIRE fighters in photo above stopped a threatening blaze short when they entered the room in photo below last Thursday at the home of Herman Wenzel, 1386 State St. With oxygen equipment strapped on and the flames under control, Gary Krueger, at left in top photo, and Jerry McGuire, following, leave home. The fire started in a bedroom closet and was confined to the room. After using large fans to clear the house of smoke, firemen re-entered the room in photo below to make sure flames were out. Show Census Gain Of 619

FRANKFORT -- The official population of Frankfort, according to the special census recently completed by the U.S. Census Bureau, is 2,142.

This is a gain of 619, or about 28 per cent, over the population shown in the special official census taken in the winter of 1965. The figure that year was 1,523.

Taking the census cost the village \$825. Even if it had cost twice that amount the village would have had a bargain, it was pointed out. The larger the population the more money a municipality receives from the motor fuel tax money collected by the state.

The return had been something over \$5 a head for every man, woman and child.

And now the state is paying more. Under an amendment to the law the return will be between \$6 and \$7 per capita.

No one knows yet for certain how much the state is paying. Some are of the opinion that it will be close to \$7 a head but even if it is only \$6, Frankfort's increase would add some \$3,700 a year to its street program.

But that isn't all. The state's kickback of income tax to municipalities will also be on a per capita basis. Some believe it will be about the same per capita as the motor fuel tax. If that is so then the 619 gain in population for Frankfort would add some \$7,000 a year to its exchequer.

Whole Blood Shortage Not So Serious

Copyright 1969 World Book Science Service

At least once each hour the American Red Cross appeals for blood donors over the radio. Newspapers describe in heartbreaking detail the hardships caused by the universal shortage of whole blood in all blood banks. sion emergencies can be handled and not always adequately. Scheduled surgery must be postponed. A few deaths have been attributed to lack of sufficient matching blood. But why panic?

Just as British civilians in World War 11 discovered

that plain water healed burns when they had no other medications, and we Americans developed detergents when fats for soapmaking became nonexistent, so we are not entirely without alternatives in this emergency; alternatives which may prove pre-

ferable to donated blood.

Except in unusual circumstances (disease of or damage to bone marrow or spleen), most individuals can remanufacture their own red blood cells within three days of loss. Loss of body fluids is a more serious threat to life and health. These fluids cannot be manufactured by the individual and must be replaced from an outside source.

Intravenous glucose solution has been the most universally used fluid. Surgeons researching for the U. S. Army have also successfully used normal saline solution on hundreds of surgical cases, including open heart procedures. They have found the sterile solution avoids all the risk of transfusion reactions, contaminated blood, allergic reactions and serum or viral hepatitis.

Dr. Stanley Dudrick of the U. of Pennsylvania, in order to hasten body rebuilding processes, enriches normal glucose solution with many nutrients and introduces it by means of a catheter through the jugular vein. And soon Dr. Robert Geyer of Harvard University may have the best answer. He has come closest to developing a true whole blood substitute by emulsifying the same fluorocarbons out of which teflon is made.

HEALING MITTENS -- Surgeons at the Lions Burn Center in Las Vegas have

found that sterile cotton mittens soaked in silicone not only help burned hands to heal faster and usually without skin grafts, but also seem to reduce pain.

MOBILE HEART TEAMS -- In most of Russia's larger cities there are now special mobile teams made up of a doctor, a nurse and a technician, who carry equipment and drugs designed to give on-the-spot first aid to heart attack victims.

CRIMINAL CONTROL -- Doctors at Rockefeller University and Beth Israel Medical Center, New York, have had 94 per cent success in controlling the criminal tendencies of former heroin addicts by treating them with methadone.

Better Way Of Foiling Mosquitos

Copyright, 1969

World Book Science Service

Did you ever notice that after you've been eating garlic bread for a while you can't really taste or smell it?

Our sense of smell adapts to odors in much the same way as our eyes adapt to sudden brightness or darkness. Our sensitivity becomes lower. This appears to happen to most living creatures when the circumstances are right.

Scientists are working on turning this fact against mosquitoes. Female mosquitoes locate distant targets by sensing the presence of carbon dioxide. When they get closer, they've got other ways of zeroing in for a bite. They respond to currents of warm air and they've got pretty good eyes. But it seems that the carbon dioxide you breathe out is the first thing that attracts the little de-

mons.

If we could flood their senses with carbon dioxide fumes, just as ours might be flooded with the aroma of garlic, maybe we could make it impossible for the mosquitoes to locate us. Carbon dioxide itself is a gas, so it wouldn't stay put long enough to do the trick. But there are other chemicals that apparently "smell" like carbon dioxide, at least to mosquitoes. Although there have been only preliminary tests so far, it appears there may be liquid sprays that will work. They don't kill the mosquitoes; they simply ruin their ability to find their prey. And the substances being tested are remarkably free of dangers inherent in many other insecticides.

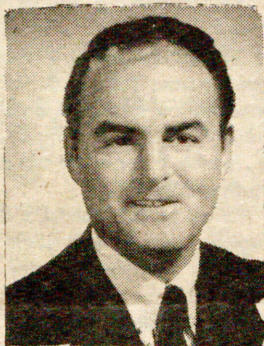

Can you lead the mosquito through the maze to the garlic bread?

Approve Addition

Residents living in Bromberek School District, Lemont, are being asked by the board of education to approve a \$95,000 bond referendum for an addition to the school on Nov. 15.

The money, if approved by voters, will be used for a much-needed school multi-purpose room, which would be 90 by 50 feet. The room would be used as a gym, assembly room, lunchroom and dramatics area. Evening recreation programs and community groups would also be allowed to use the room.

Residents having a total valuation on their home of \$10,000 would pay less than \$12 each year on the referendum. Each year the amount due would decrease.

Members of the board of education have given much thought and careful study to the proposed addition, which is greatly needed in the district. Each area civic group and, hopefully, each resident is being contacted by the board in hopes of helping to promote the referendum.

Superintendent Edward Vician stated that he is making personal visits to civic groups and organizations in hopes of pre-

senting the positive view toward the referendum. The low figure of the yearly cost per assessed valuation is one of the biggest assets in favor of the passage of the referendum.

"The basic need for students in a physical education program is one of the biggest factors in presenting the referendum. Already work has begun on the cutting of a new road just north of the school. A supervised, enclosed area is now needed for the students in their physical education program.

"When the weather is bad the program has to be discontinued, but with the addition of this room classes and programs may be run the entire year. By next year we will be needing added space. If the room is approved it will be completed, and when one class is having physical education another class may use the vacant classroom, thus adding an extra room for use next year," stated Vician.

With factors as these in the minds of all concerned parents, each voter is urged to vote yes on Saturday, and approve the addition, which is needed by the school district.

Vote For Con-Con

Tuesday the polls will be open so that citizens can select two persons from each state senatorial district. They'll be our representatives and will contribute to writing a draft of a new constitution for the state of Illinois.

The work of overhauling the constitution, the basic document by which the state lives, starts in December and will end when delegates produce a new proposed constitution and fix a date for voting on the proposal. Voters will then pass or reject the document.

The constitutional convention (con-con) delegates have the power to change and otherwise add to or cut out all parts of the existing constitution. This means major changes acceptable to the majority could be produced in areas such as taxation, education, the courts, government administration and powers, and elections.

The power and interest groups have been at work preparing to influence the outcome in their favor. This is legitimately so for the most part.

The average citizen, too, can wield his influence so that the outcome reflects what he feels best.

That is best done by voting now for "your" men. Tuesday, you'll be able to cast two separate votes. But you must make the effort to get to the polling place, and to know who will represent you and receive your votes.

While the constitutional convention is in session, influence would be through letter and phone. Once a proposed document is presented for a vote, you can accept it or reject it. But now, you can select the architects that will construct a new plan for living in Illinois.

It is easier to bend the tree while it is young.

Dangers Of Drugs

Narcotics and drug abuse. What are the facts as science knows them?

The Southwest Graphic today begins a series of three articles based on scientific information from the National Institute of Mental Health. Up-to-date facts are presented about LSD, marijuana, narcotics, pep pills, sleeping pills and other abused, dangerous drugs.

The series gives you fundamentals you need to know. We feel you should have this information, for alarm and confusion is growing in our pill-oriented society over abuse of drugs by young and old.

The National Institute of Mental Health

is the principal agency responsible for stimulating research to help make real the facts about drugs -- scientific evidence rather than rumor -- to the public.

The dangers become apparent as the series unfolds. Drugs are not to be toyed with. The institute has published four factual, easy-to-read leaflets on drugs and these are available to anyone who wants them. Titled "Marijuana," "LSD," "Narcotics" and "The Up and Down Drugs," free single copies may be obtained by writing to the National Institute of Mental Health, Box 1080, Washington, D. C. 20013.

Takes a good engine for top performance

Seek Curtailment

There are many residents of Frankfort who would like to put truck traffic under control.

They realize that it is impossible to keep such vehicles out of the village. There are trucks that make deliveries to the stores. There are trucks that deliver automobiles to car dealers. There are trucks that make deliveries to construction sites and there are trucks that make deliveries to industries on Center Rd. There are also trucks that haul milk but these follow a route suggested by the village that takes them west on Pacific to Maple St., on Maple to Nebraska and on Nebraska to U.S. 45.

Most of the complaints recently made to the Frankfort village board are concerned with the trucks that serve the industries on Center Rd.

Big fellows, a lot of them are, and a group of residents -- most of them parents of small children -- would like to have these trucks take U.S. 45 to Laraway Rd., and thence east to Center. As it is most of these vehicles come through town on White St., make a jog at Nebraska and proceed south on Center.

White and Nebraska are state aid thoroughfares and the state highway district engineer's office at Elgin says that as long as the trucks using them comply with the state law regulating the weight and load limits they cannot be restricted.

The village can put load limits, different from the state, on their own streets, according to the district engineer, but enforcement requires manpower and the prosecution is somewhat complicated because the technicalities in the law relating to overweight trucks is somewhat complicated.

The trucking industries have a strong lobby at Springfield and Washington and one can say that it is quite effective in protecting their business.

Frankfort village officials also would like to reduce truck traffic through the village as the heavy vehicles do cause damage to the streets. To this end it has been decided to communicate with industries, trucking companies and the drivers themselves and ask them to follow the U.S. 45 - to - Zarley Rd. - to - Center Rd. route on a voluntary basis.

Members of the group protesting truck traffic have offered to assist this move by handing out cards, with a map of the suggested route, to drivers of trucks at stop signs and stop lights.

Whether such a campaign will bear fruit remains to be seen. It is to be hoped that it will.

As has been pointed out many times and in many places the trucking interests have managed to get lawmakers on their side so it is difficult to take legal action against them. The semi-trailers appear to be getting larger every year and if the size of them keeps increasing municipalities will have to build their streets wider so the trucks can get around the corners.

Apparently the law requiring mufflers on motor vehicles does not pertain to trucks because as they grow larger they also grow noisier, and at times they lay down smoke screens that makes visibility zero for other people on the road.

Compliance with the request that trucks follow a specified route at Frankfort would be a nice gesture, and one that should improve the trucking industry's image with the public.

Danger Lurks

The danger from glue sniffing is now well known and protection of children is developing through limitation of sales of such material and the addition of warning odors to such products and through health education of the public.

A new danger of sudden death has been identified -- the deliberate inhalation of fluorocarbon propellants and refrigerants. This is the gas used to force materials out of spray cans used to dispense such products as dry hair shampoos and cocktail glass chillers. When used correctly these propellants and products are safe.

When this gas is vented into a bag and deliberately inhaled from the bag for "kicks" a person may sustain sudden death due to cessation of breathing or to heart stoppage.

There have been over 50 deaths in the United States from sniffing fluorocarbons, commonly known as Freons, and some have occurred in persons who have had a previous harmless experience in sniffing the same material.

Parents must now add this threat to the growing list of everyday sources of danger to curious children and adventuresome youths.

LSD Is Definitely Dangerous To Mind, Body

PANIC, PARANOIA, DEATH CAN RESULT, RESEARCHERS SAY

First In A Series

SOUTHWEST -- No drug has caused more controversy, with the possible exception of marijuana, than the strange compound known as LSD.

Is LSD dangerous?

Definitely yes; says the National Institute of Mental Health, Federal agency focus of a new nationwide attack on the abuse of dangerous drugs and narcotics.

Hospital and other medical studies show that LSD can cause panic, paranoia, and accidental death.

Reactions to taking LSD range from worry, panic, and depression to severe mental derangement.

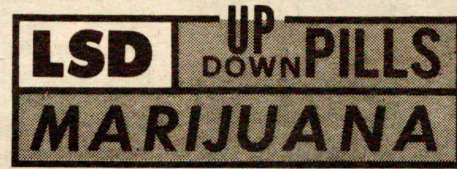

Days, weeks, even months after a dose of LSD has been taken, the things the user thought that he saw and felt may recur in his mind and make him fear he is going insane.

The physical effects LSD can produce are far from pretty.

Eye pupils dilate, hands and feet shake and tremble uncontrollably, palms turn cold and sweaty, the body shivers and

turns chilly, goose pimples pop out, breathing is irregular. There is loss of appetite and nausea; and the pulse and heart rate rise, as does blood pressure.

LSD is short for lysergic acid diethylamide. A man-made chemical first produced in 1938, it was accidentally discovered

ed in 1943 to produce bizarre effects on the mind when a Swiss chemist swallowed some LSD while working in his laboratory. He had strange sensations and felt as if he were flying.

Despite this soaring start, LSD was little explored in following years as far as definitive pharmacological studies in man

were concerned. The weird compound lay around, studied by some drug researchers but ignored by most. Then the wave of far-out experience seekers washed up a few years ago.

LSD became the darling of the daring. It was claimed to give you great feelings and increase many capacities, like sex and creativity.

None of this has proved out. In fact, the reverse may be true. But many fables and fallacies like these have spread about LSD. The following facts come from research, not from fantasy and rumor.

Studies have shown that LSD is more likely to decrease sex interests than to increase them. Paintings, writings, and other works by LSD-users fail to show greater talent; rather, the works are poorer when done "under the influence."

Worse, LSD is dangerous. It can cause panic (fear of losing one's mind), paranoia (suspicion that "they're after me") mental derangement, and accidental death.

It has been called the most powerful

drug in the world. No wonder: 25 micrograms is an amount almost invisible to the naked eye. Yet this amount will produce an effect in most people.

Classed as a hallucinogen and psychedelic -- which mean mind-affecting or mind-altering -- LSD is a member of a group of drugs which include other compounds like marijuana, peyote, mescaline, psilocybin, DMT, and STP.

Except for government-approved use for research, LSD is illegal in the United States.

Because LSD is dangerous when not used for careful research under close medical supervision, it is closely regulated by federal and state laws. These provide stiff penalties for illegal production, sale, other disposition, and, in some cases, for possession or use.

Because more knowledge is needed about this powerful compound, broad scale research is underway to learn fully about its chemistry, animal and human effects, and whether it can have any medical or other real values.

LETTERS TO THE EDITOR

Show Your Support

Editor:

Veterans of Foreign Wars Post 5819 of Lemont, has called on all community organizations to join with them in "Operation Speak Out," which is a program designed to encourage the "silent majority" to show their support of the government on the Vietnam question during the week of Nov. 9 to 15, which includes Veterans Day.

In a proclamation made by Lemont Mayor John J. Kujawa, the aims and ideals of the program are carried as stated:

WHEREAS, many young men of this community have fought for our nation, and some have sacrificed their lives, through services with the United States Armed Forces, in combat against many enemies, and

WHEREAS, those men, the war veterans of our country, have earned the respect and the tribute of every citizen who is today enjoying the freedoms of our land because of the defenders' personal loyalty, courage, service and sacrifices, and

WHEREAS, we can best acknowledge our appreciation and recognition of those brave men through full participation in the special day and week dedicated to all the defenders of our land, now

THEREFORE, I, John J. Kujawa, mayor of the Village of Lemont, do hereby urge all of my fellow citizens to fly their Stars and Stripes flag proudly and to participate in, or observe, the public Veterans Day and Veterans Week program which is to be held in our city on November the eleventh and during the week of November 9 to 15, 1969. Furthermore, I do recommend that all of our schools, churches, business establishments and other organizations assist the Veterans of Foreign Wars of the United States, and its many co-sponsors, toward making Veterans Day and Veterans Week a truly outstanding patriotic observance in this year of 1969.

Use Old School

Editor:

It is important for the people of Lockport Township and particularly those in School District 91 to sit down and do some real thinking as to what should be done with the old Central School on 9th St. This grand building is much too good just to be torn down to make room for another store or two or even a housing unit. This building, contrary to rumors that it is a fire trap, has been declared free of fire hazards by experienced fire inspectors, two from out of this district.

This building could well be used as a community center for all of the people of Lockport Township; plenty of parking area, rooms to be used for public meetings, athletic events and a meeting place for our youth who so sadly need a place to come together. Let's have this subject discussed

pro and con so that whatever is done with it, we will feel that we have made the right decision. Let us hear from the people, whomever the courts decide are the rightful owners, as to what is the best plan.

My experience with the Youth Center some 25-30 years ago tells me that this building has a great potential. As a member of the Lockport Park District, I feel that this subject should be carefully weighed.

Sincerely,
Frank M. Milne

Oppose The Landfill

Editor:

The Cook County Zoning Board of Appeals will hold the second hearing on the proposed landfill in the Mt. Vernon Memorial Hills Cemetery on Monday, Nov. 17, at 5 p.m. in the Lemont Village Hall.

Many concerned homeowners are opposed to this landfill for a variety of reasons, and from time to time articles and letters have appeared in your paper explaining these reasons. We are convinced that this landfill must not be allowed to go through, and believe we can prove, at the hearing, that we are correct.

The first hearing on this landfill was held eight months ago, and at that time Mr. Vernon had the opportunity to tell how this project would benefit the community. This hearing will allow the community to tell why this project would not only not benefit the community, but in all probability down grade it considerably.

Granted 5 p.m. is an inconvenient time for a hearing, but think how much more "inconvenient" this landfill will be if the permit is issued. We, the homeowners surrounding Mt. Vernon, urge all your readers to forego the dinner hour on the 17th and attend this hearing - we need their help.

Sincerely,
Raymond J. Walschlager

Agnew Is Right

Editor:

It should happen more often. What I mean is we should have more men in public office, such as AAS Vice President Agnew, who aren't afraid to say what they think, who are leaders not just good vote-getters, and men who follow their conscience and refuse to compromise their ideals.

A good example of this is his recent statement in which he referred to the leaders of the Oct. 15 moratorium as anarchists, among other things.

Contrary to the liberal press, Vice President Agnew is not a stupid, blundering fool. It took a lot of courage for him to say what he did at such a time even though he was correct in his statement.

A group that calls itself the New Mobilization Committee to End the War in Vietnam are the brains behind these moratoriums. It is interesting to note some of the members of their steering committee.

For instance: Irving Beinin, editor of the Marxist-Leninist newspaper the New Guardian, is on the committee. Also, Arnold Johnson, public relations director for the Communist party USA; Irving Sarnoff, Fred Halstead, Robert Greenblatt, and Otto Nathan - all identified by the State Department as Communists; Sylvia Kushner, a radical activist for many years wife of Sam Kushner, editor of the Peoples World and who also served on the Communist party's National Committee; David Dellinger and Rennie Davis - both on trial in Chicago for inciting a riot; and Sam Brown who has publicly stated that he hopes the Viet Cong are victorious in South Vietnam. He has also stated that the U.S. A. attacked Cuba, the Dominican Republic, and South Vietnam and that the

U.S.A. is the great imperialist-aggressor nation in the world today.

On Oct. 21 the Mobilization Committee put out a position paper which said the U. S. A. must "stop all military action against the Vietnamese, withdraw all troops and equipment and dismantle all bases and withdraw all support from the South Vietnam government." Not one word to North Vietnam about their atrocities and aggressions. These people insist that any action must be unilateral. Why?

Yet, our "unbiased" liberal press looks up to these people as heroes and holds up Vice President Agnew to much ridicule for his statements. Of course, they were the same ones who referred to Uncle Ho so glowingly and ignored his bloody hands. Unbiased? Hardly!

25TH ANNIVERSARY — Mr. and Mrs. Orville Daniels of 27 W. 127th St., Lemont, will celebrate their 25th wedding anniversary on Nov. 13, by repeating their wedding vows at the Lemont Methodist Church. Rev. Don Leo will officiate at the ceremony. The Daniels' have been residents of Lemont for the past 15 years. They are the parents of Rosetta, Allen, Diane, and Rickie, and the grandparents of one, Todd.

MR. AND MRS. NELSON GUNHOUSE, 10918 Front Street, Mokena, Ill., will celebrate their 50th wedding anniversary at an open house in St. Mary's Cow Palace, on Sunday, Nov. 23, from 2 to 5 p.m. The couple are being honored by their two sons, Dr. and Mrs. Thomas Gunhouse of Frankfort and Chief Warrant Officer and Mrs. Ramon Gunhouse of Alexandria, Va.; two daughters, Mr. and Mrs. Carrol Roberts and Mr. and Mrs. Alvin Sorensen of Mokena; fifteen grandchildren and two great-grandchildren. They were married Nov. 26, 1919 in St. John of God Church, Chicago. They have been residents of Mokena for 32 years. He was a painter and decorator before his retirement. All relatives and friends are invited to attend the open house.

MR. AND MRS. JOHN HENNESSY of 490 National Park Dr., Lemont, were recently surprised with a 25th anniversary celebration given by their sons and daughters-in-law. They are Mr. and Mrs. Elmer Erickson of Lockport; Mr. and Mrs. Howard Erickson of LaGrange and Mr. and Mrs. Raymond Erickson of Lemont.

Mrs. Schrupf Is Woman Of Year

LOCKPORT -- Mrs. Sophia Schrupf, recording secretary and Bulletin editor for the Lockport Business and Professional Women, was named the BPW Woman of the Year at the Oct. 15 meeting.

Criteria for this award is based on an individual's contributions to her club, her church, to charity and family, to her career, the civic welfare of her community and to woman's

image and rights.

Since 1954 Mrs. Schrupf has worked for Bruce Cheadle. It was through her enthusiasm and inspiration that the Lockport BPW was originally organized.

The committee for naming the Woman of the Year consisted of Mildred Shoop, chairman; Mary Danielson, Ann Karkut, Rita Kesich, Eunice Wallace, and Gloria Bode.

Correction

LEMONT -- Diane Joyce Beyer, daughter of Mr. and Mrs. Alfred Beyer of North Aurora, became the bride of Thomas Francis Wirth, son of Mr. and Mrs. Kenneth Martin.

A nuptial mass was celebrated Sept. 27 at St. Patrick's Church, Lemont.

The groom's parents were not correctly identified in an article last week. Also, the groom's brothers are Tim and Jim.

MR. AND MRS. CHESTER MANDEL of Greenview, Ill., will celebrate their 50th wedding anniversary on Nov. 11. A party in their honor will be given on Nov. 15 by their children, Mrs. Robert (Mary) Ahearn of Lockport, Mrs. Tony Posto (Eileen) of Elgin, Ralph Mandel of New Jersey, and Chester Mandel Jr. Also helping celebrate will be the couples' 11 grandchildren and one great-grandson. Among others attending will be sister, brothers and friends of the couple. The Mandels were married Nov. 11, 1919 in Petersburg, Ill., then moved to Chicago where they resided for 40 years, and retired back to Greenview. Nov. 15 is also Mr. Mandel's 72nd birthday.

Escape to Bars

Dear Miss Brookfield:

Your reply to the Baltimore woman whose "weekend husband" has a girl friend in another town appeared just as I was planning to write to you about a similar problem. My husband moved me and our seven children next door to his mother -- about 400 miles from his job. He said that he wanted the children to get better acquainted with their grandmother. He now comes home only four to six days each month, and shows very little affection when he is home. I, too, visited a marriage counselor, because I couldn't see 18 years of marriage going up in smoke. The counselor said my husband was having a middle-age fling that would eventually pass. I sat and waited for six months, and then one night I went to a local bar and met a man. We talked for a few hours and it was just clean, innocent fun. When I returned home, my eldest child was waiting up for me. When I saw the hurt in her eyes I knew that visiting bars was not for me. Well, I sat home for four more months and last week I tried the bar again. I met a man I found attractive, but again I realized that my children's feelings and upbringing are more important. I can't set a good example by going out. I plan to try to hide my husband's faults from the children until he comes to his senses. The woman who wrote to you had an easier problem. She has no children. Why doesn't she move to where her husband's job is?

C.C., Carlyle, Ill.

Dear C.C.:

Your forbearance and decision not to malign your husband to the children, despite his faults, is not only wise but remarkable, considering the circumstances. But don't you think you could tell your husband that after ten months the children have "gotten to know grandma" and it's about time you all moved back, closer to his job? If he thinks the relationship requires further development, how about suggesting that grandma move closer to her son's job, too?

Lonely Hermit

Dear Miss Brookfield:

I would like to write to the widow from Rocky Point, N.Y., who recently wrote you about her loneliness and interest in marriage. I am a gentleman with no evil habits. I love wild animals, woods, art, cooking, country fairs, auctions and eating out. I am a former teacher. I am on a diet and eat no meat, such as hog; no shellfish, rice, macaroni or potatoes. I like soups, salads, European and Chinese foods and store-bought ice cream. Can you put me in touch with this widow or some other widow, of 27 years of age or up, who would like a country life?

L.E., Putney, Vt.

Dear L.E.:

We cannot put you in touch with the Rocky Point widow, or any other widow, for that matter. There must be widows in Vermont, no? Why not abandon your hermit ways temporarily and get out to church or social activities where you will stand a better chance of meeting a few? But let us give you a bit of cynical advice: don't tell the gals you are looking for a woman of 27 or so. You will be surprised how many women will suddenly forget the passing years and admit to being "just over 27."

MR. AND MRS. WORTH W. MERRITT 940 Holbrook Road, Homewood, formerly of New Lenox, celebrated their 50th wedding anniversary at an open house. It was given by their two daughters, Mr. and Mrs. James (Patricia) Thompsons of Ashley, O.; Mr. and Mrs. Ward K. (Margaret) Martin of Norfolk, Va., and son and daughter-in-law, Mr. and Mrs. Roger W. Merritt of Homerville, Ga. Also present were four grandchildren and two great-grandchildren. They were married in Paris, Mo. They have been residents of Homewood since 1968. From 1927 to 1948 they resided in Harvey, and from 1948 to 1968, in New Lenox. He has been employed at the National Stone in Joliet for the past 30 years.

Win At Showing

LOCKPORT - The Chick-asaw Garden Club opened their fall season in the home of Mrs. Henry Kall. A demonstration in flower arranging was presented by Mrs. Joseph Mullen.

The program bore fruit during the Creekside Flower Show, which was held shortly thereafter. Mrs. Robert Johnson and Mrs. George Apato were awarded a blue ribbon and a tri-color for their "Backstage Wife" table theme.

Mrs. David Jonsson and

Mrs. Lynwood Juric won a red ribbon for their table setting and a white ribbon went to Mrs. Jerry Reeder and Mrs. Peter Dauzvardis.

The Garden Club will undertake landscaping of the inner courtyard at Homer School District 33C as their project of the year. Many thanks are extended to the

landscape committee: Mrs. George Kulles, Mrs. Lynwood Juric, Mrs. David Jonsson and Mrs. Jerry Reeder.

Have 'Bar' For Gifts

LOCKPORT -- The Lewis Women's Council will sponsor a Christmas Boutique in the hallway of the Academic Building of Lewis College, Lockport, on Sunday afternoon, Nov. 16, from 12:30 to 6 p.m.

The gift bar will include a variety of items suitable for the Thanksgiving and Christmas holidays. It will be open

to the faculties and student bodies of the College of St. Francis and Lewis College, to parents, and the public.

The chairman is Mrs. Raymond Biernat, 214 Greenview Circle, Joliet. She will be assisted by the Executive Board of the Council.

FRANKFORT WOMAN'S Club, represented here by Mrs. Raymond Page, left, the president, and Mrs. Carl Lindee, vice president, presented a number of children's books to the Frankfort public library. Receiving the gift is Mrs. Arlene Santoro (right), the librarian. Purchase of the books was from proceeds of the club's recent brunch fashion show.

Lets Sewer System Contract

NEW LENOX -- George Hardin Constructo Co., of Chicago, has been awarded the contract for the addition to the New Lenox sewage treatment plant and improvements to the sanitary sewer system.

His bid of \$315,835 was the lowest of six submitted to the village board at its regular meeting on Wednesday of last week.

Hardin's basic bid was \$318,835 but the board reduced it \$3,000 by accepting one alternate in equipment set forth in the specifications prepared by Robert Hamilton, village engineer.

According to the bid the contractor will begin work within 30 days and complete the job within 310 working days. The plant, when completed, will be sufficient to serve 7,500 people, Hamilton said.

An issue of \$300,000 of general obligation bonds was approved at a referendum Oct. 4 and before the work is completed increased val-

uations will give the village that much bonding power, it was said. It is expected that the project will cost approximately \$350,000, which will include some \$50,000 for engineering, legal and special auditing fees.

The money will be forth-

coming from various funds, including surpluses from the sewer account which are accumulated for such purposes, it was explained.

The other base bids submitted were:

Gaskill & Walton, Crete, \$340,750; Schless Construc-

tion, Batavia, \$356,146; Petersen Construction, Aurora, \$394,600; Uglund Construction, Joliet, \$396,000; Lindblad Construction, Joliet, \$499,500.

Bids were also to have been taken at the same time on a storm sewer program for Inner Court but the program had to be shelved because the costs would have been greater than the village could afford.

It had been believed that by the use of metal pipe and ditches along Francis R. the job could have been done for under \$10,000. But the county highway department turned thumbs down on running water along Francis Rd., unless it was carried in concrete pipe.

It was estimated that the job would run to at least \$20,000. This was too much for the village at this time, officials said.

Name Pilot

LOCKPORT -- Robert Gusich, Rt. 4, Lockport, has been named to the Board of Directors of the Alumni Association of Lewis College, Lockport, and will help direct financial and educational development programs of the Association.

We care where our product is served.

Beer served in pleasant and wholesome surroundings is the aim of the United States Brewers Association. And we are always striving to do something about it.

The USBA is represented by field men around the country. They meet with proprietors of establishments where beer is sold. They work in every way possible to promote a set of high standards wherever beer is served.

This USBA effort means even more enjoyable places for America's great beverage of moderation.

APOLLO 12

Continued From Page 1

ver onto a free-return trajectory. If the spacecraft cannot get into lunar orbit, a large burn from the main engine on Yankee Clipper will be required to get homeward bound.

If enough power is not available from this rocket, power from the Intrepid engine, designed to brake the descent to the Moon, must be used.

On Apollo 11 Armstrong manually landed the Eagle clear of a crater of boulders with less than 30 seconds of fuel remaining as millions of hearts pounded hopefully on Earth.

To prevent a recurrence, the guidance computer aboard Intrepid will receive a much later update from Earth equipment to pinpoint its position when final descent begins.

Apollo 12 also will make a much faster descent from 7,000 feet to 500 feet, saving fuel and permitting Conrad more time to search for the best landing site.

Conrad predicts he will take manual control at about 700 feet. "I'll have about a mile to play with," he says.

"We'll be moving about 54 mph horizontally instead of Apollo 11's 41 mph, so we can cover more distance during the final descent.

"The target area is 1,000 feet east and 500 feet north of the Surveyor. It's the largest smooth spot near the Surveyor. There is a smaller spot only 600-700 feet away and if everything goes right, we'll land there."

After rendezvous with the Yankee Clipper and the Moonquake experiment, Apollo 12 will orbit the Moon for another 24 hours while photographing sites where future Apollo missions will land.

Splash down in the Pacific west of Samoa will be at 4:02 p.m. (EDT) Nov. 24. The return trip from the Moon will take 72 hours instead of the 60 of Apollo 11.

"We could come home in the same time," says Gordon, "but the slow trajectory gives us a better landing time (10 a.m. in the Pacific). We don't mind, though."

"Our 21 days of quarantine begin when we leave the Moon. I'd rather spend my time up there than locked up in Houston."

LANDFILL

Continued From Page 1

interested in water resources, furnished a copy of a letter he had written to County Commissioner Charles Bonk. In this letter he had pointed out the danger of just such explosions as this armory one in the local natural drainage area under construction for the landfill site: "This natural swampy area has had water in it as long as I can recall (some 70 years) and it seems to me that no amount of fill can completely absorb the water..."

Joseph Murphy, Isadore Graf and Louis Buckner recalled that at prior meetings Mathey had warned of this danger of toxic gas seepage which could result in explosions in addition to its constant air pollution and possible contamination of surface springs and deep wells in the entire area.

Raymond Geiser, another lifelong resident, grandson of pioneers, shared Mathey's concern, saying: "I am particularly angry about the devaluation of property which this landfill operation would bring. It is time to concentrate on conservation of every possible acre of our rapidly disappearing natural environment. After lifelong enjoyment of migrating waterfowl and a variety of permanent resident birds and animals in this natural habitat, the only animals we would have left would be rats!"

Louis Buckner responded: "Yes, a man's home should be inviolate unless an intrusion is truly for the improvement of the health and welfare of his neighbors. In this case I see no evidence of consideration for anyone's interest except the owners of the two business enterprises involved, neither of which live in our area. And as Daniel Diaz pointed out at another meeting, we residents pay taxes on our land whereas cemetery land is tax exempt."

Ray Geiser said: "If taking this affront lying down is what is meant by all the 'law and order' speeches we

hear and read, then it is high time for some changes in the law and some re-ordering of priorities!"

Walter Steinhoff, instructor at Argo High School, quoted from a column by James Murray, (Chi. Today, Aug. 25), lamenting "Spillage - the junk that 'drops, sifts, leaks, or otherwise escapes from' the trucks that use our highways. . . I've personally seen a lot of it coming off open trucks that obviously have been overloaded. . . Trucks that tote away debris from construction sites are big offenders. . . garbage trucks also are guilty. . . How many accidents are caused by motorists swerving to avoid a board or a barrel or a box of just plain garbage that drops off a truck?" pondered Murray in his column.

Steinhoff commented: "I am particularly concerned about the hazard to children who ride the school buses. The flying debris and dust cannot but distract both the motorists and the children as they board and disembark from school buses. The law of averages warns us regarding accidents involving landfill trucks over the estimated ten-year period of the proposed operation."

The meeting ended with unanimous determination to continue opposition to the local landfill proposal. Also to continue researching and thinking about possible ways to contribute individually and as a group to the national, state, county and local efforts toward a proper solution to air and water pollution problems.

Hire New Manager

NEW LENOX -- The village board of New Lenox has named a new business manager. He is Roy E. Dowle, of 208 E. Haven St. a resident of the community since 1937.

His long residence, it was noted, gives him first hand knowledge of many of the problems of the village. He will have his office at the village hall and serve as a representative of the village council.

He is an electrical designer for a firm that plans power and industrial plants. He takes his new job at a substantial cut in pay but he has grown weary of commuting and also believes he can be of service to the community.

Dowle took over as village business manager on Monday of this week. He succeeds William Cox, who recently resigned.

Obituaries

Ellen B. Stewart

Ellen B. Stewart, 84, of 607 Porter St., Lemont, died Friday, Nov. 7, in Lemont after a short illness. Miss Stewart was born in Lemont in 1885 and was a retired school teacher for the City of Chicago and had been a devoted educator.

After she retired from teaching in 1940, she operated the Home Store on Porter Street, dispensing school books and school supplies. She was a member of the Royal Neighbors of America.

Her parents were the late Thomas J. and Elizabeth Ott Stewart. Miss Stewart is survived by Thomas J. Stewart, a brother, of Joliet; Roger V. Stewart, a foster brother, of Willow Springs; and sisters Angie E. Warren of Lemont and Eva V. Bergner of Milwaukee.

Services were Monday at 2 p.m. at the Gerharz Funeral Home, with the Rev. Don Leo of Lemont Methodist Church officiating. Interment was at Fairmount Cemetery, Willow Springs.

James A. Atkinson

James A. Atkinson, 25, of 1 Arlington Drive, Romeoville, died at his home Friday, Nov. 7.

His death is under investigation by Deputy Coroner William Goodale. According to Goodale, he apparently died of a self-inflicted gunshot wound.

Mr. Atkinson was born in Aurora and had lived in Romeoville since 1961. He was a Navy veteran and was employed as a dock worker at the Cooper-Jarrett Trucking Co. in Hinsdale. He was a member of the Good Shepherd Lutheran Church and the American Legion Post 1261 of Romeoville.

Surviving are his parents, Robert D. and Lucille R. Atkinson of Romeoville; a

sister, Judith Atkinson of Peoria; two brothers, Gordon Ringberg of Kansas City, Mo. and Barry Atkinson, U.S.A.F. of Orlando, Fla. and his maternal grandmother, Mrs. Elizabeth Chapin of Topeka, Kansas.

Services were held Monday, Nov. 10, at the Goodale Funeral Home in Lockport with the Rev. Robert Wegehof officiating.

The family has suggested memorials to the Good Shepherd Church.

Walter A. Baran

Walter A. Baran, 54, formerly of Joliet, died Tuesday, Nov. 4, in Hammond, Ind., where he was employed by the Inland Steel Co.

Mr. Baran was a member of the Indiana Legislature, representing Lake County.

Survivors include two sons, Richard and Robert; a daughter, Carol; two brothers, Chester of Griffith, Ind., and Edward of Lockport; three sisters, Mrs. Josephine Kazick of Lemont, Mrs. Joseph (Sophie) Sobczak and Mrs. Chester (Mary) Wielock of Lockport; and a granddaughter.

Services were held Saturday, Nov. 8, at St. John Bosco Church in Hammond.

John Sandstrom

John Sandstrom, 86, formerly of 1909 Hamilton St., Lockport, died Thursday, Nov. 6, at the Covenant Home for the Aged in Chicago.

A native of Sweden, Mr. Sandstrom had been a resident of Lockport since 1911. He was a construction superintendent for Hansen and Peterson Construction Co. in Joliet. A member of the Covenant Community Church, he was also active in community affairs.

He was preceded in death by his wife, Henny M., and a daughter, Evelyn.

Survivors include two

sons, Carl C. of Downers Grove and John A. of Rockford; a daughter, Mrs. Donald (Helen) Speaker of Long Beach, Calif.; three sisters; a brother; five grandchildren, and two great-grandchildren.

Services were held Saturday, Nov. 8, at the Goodale Funeral Home in Lockport, with the Rev. Ralph Dirksen officiating.

Interment was in the Lockport City Cemetery.

The family has suggested memorials to the Covenant Community Church.

Alma Fay Spencer

Mrs. Alma Fay Spencer, 69, of 2101 State St., Lockport, died Oct. 31 at Silver Cross Hospital, Joliet, following a brief illness.

Born Nov. 26, 1900, in Dana, Ill., she had resided for 25 years in Lemont, and moved to her present address in Lockport 13 years ago.

Survivors include three daughters, Mrs. Alois (Patricia) Nikiel of Lockport, Mrs. Steve (Irene) West, and Mrs. George (Norma) Smith, both of Lemont; a son, Alvin of Lemont; four sisters, Sue Roth of Streator, Esther Dunham, Maud Wakeman, and Marie Smith, all of Dana; 14 grandchildren, and three great-grandchildren. She was preceded in death by her husband, Estel, a son, Pierce Spencer formerly of Lemont, her parents, John P. and Elizabeth Emerson Harvey, three brothers, William, John and Glen Harvey, and a sister Madeline Dwyer.

Funeral services were held on Nov. 3 at the Lemont Methodist Church, with Rev. Don Leo officiating. Interment is at Mt. Vernon Memorial Cemetery. Gerharz Funeral Home handled the arrangements.

Mrs. Edward O'Neill

Mrs. Edward O'Neill, 84, the former Josephine Diehl, died Sunday, Nov. 2, 1969,

at Christ Community Hospital in Oak Lawn.

Formerly of Lockport, Mrs. O'Neill lived at 80 S. Winchester St., in Chicago. She was preceded in death by her husband.

Survivors include a son, James; a brother, Henry Diehl of St. Paul, Minn.; two sisters, Mrs. R. B. (Florence) Harpham and Mrs. Robinson (Helen) Oxley of Lockport, and two grandchildren.

Services were held Wednesday, Nov. 5, from the Sheehy Funeral Home in Chicago, to the Little Company of Flower Church.

real estate tax and eliminating the personal property tax.

Anthony M. Peccarelli, is also an attorney that has served the county of DuPage and has been active in Republican political organizations. He lives in Hinsdale. He wants to create a constitution that allows for change without endangering stability. Revenue, reapportionment of election areas, and decreasing the number of government units are among his areas of special concern.

Mrs. Helen S. Harshbarger, of rural Plainfield, has taught and is a tax consultant. With an extensive background in taxes and economics, plus activity in the League of Women Voters concerning political issues and securing a constitutional convention, she has a special interest in con-con and especially tax measures.

James H. Clark is a township assessor and he resides in Glen Ellyn. Though he has also announced he will seek to be elected county treasurer. He has pledged to seek tax uniformity and im-

provement in taxation procedures.

The 41st District

Louis F. Bottino heads the Lewis College education department and has served as a county supervisor. He lives in Wilmington. In addition to interest in revising the state constitution's revenue article, he has said he wants health, safety, education, transportation and land planning improvements.

George E. Sangmeister is an attorney from Mokena with broad local and county-level governmental experience. He would like to see the constitution be a modern instrument serving the people. Improvements should be made especially in the areas of revenue, civil rights and the judiciary, he says.

Arthur T. Lennon is an attorney from Joliet. He advocates a proper balance of responsibility between the state and its people. He would as one major concern like to see relief from high property taxes.

Daniel L. Kennedy is an attorney from Joliet. He has served in county government and is seeking im-

provement in revenue and taxes and a revamping of government structure.

The 9th District

Joan Anderson of Western Springs has been active in the League of Women Voters and has taken part in government activities. She would like to see changes in government structuring and state finances.

Sen. Terrel Clarke of Western Springs is a Republican committeeman and insurance broker in addition.

Joseph Meek is president of the Illinois Retail Merchants Association and is from Western Springs. He is seeking changes in taxation and legislative reform.

William Cairnes of Palos Park is a semi-retired communications engineer. He has years of industrial management experience and believes that can be applied to government operations. He is seeking revenue, legislative and judicial reforms.

Business Failures Decline

The rate of business failures fell a sharp 22 per cent in 1968. The number of failures hit 9,636, the lowest point since 1953. The average of \$102,332.

Spartans Sputter, Lose Fray 34-18

LOCKPORT -- The Lockport West Spartans succumbed to a superior ground game, fumbleitis and a pilfered aerial as they dropped a 34-18 decision to the Thornridge Falcons. The loss ended a four-game unbeaten string of the Spartans and climaxed their 1969 season with a 4-3-2 record.

Two fumbles by the Spartans led to a 14-0 lead by the Falcons at the end of the

first quarter. The first Thornridge recovery was at their 40 and a score midway through the first period of play. A conversion pass from quarterback Tom Hoese to Denny Ulanowski

made it 8-0. The second fumble recovery by the Falcons was at their 27-yard line. Thirteen plays later they scored, but the conversion toss went awry.

Coach Mel Deskin's squad

rolled up 103 yards rushing in the first half with John Tabis and Chuck Williams leading the way. A determined Falcons defense put the brakes on the Spartans' ground game in the second

half, giving up only six yards the hard way.

Lockport West tallied twice in the second quarter after blowing one good chance at the Falcons' 17. After receiving a Thornridge punt at the foes 47-yard stripe, the Spartans took nine plays to score. Tabis carried the ball into the end zone from seven yards out. Williams was stopped on the conversion run. A Falcons' fumble at the Falcons' 32-yard line was pounced on by the Spartans. A Highland to Bob Colvin pass for seven yards and the TD came with less than two minutes remaining in the first half. Tabis' run for the two-point conversion was futile.

Thornridge scored the clincher early in the third quarter with a Hoese to Ray Ill pass which ate up 34 yards and the TD. Ill's conversion run was stalled.

Tailback Scott Wesley scored the Falcons' fourth TD early in the final period after a five-yard dash. Later in the period Mike Walenga intercepted a Highland pass and went 20 yards for the score. Hoese tossed a conversion pass to Ulanowski for the conversion.

Lockport's final effort was beautiful. Taking over on the Falcons' 40, Highland lofted a 25-yard pass to Colombo. On the next play Highland put the ball in Colombo's hands again to give the Spartan's their final score of the day with less than one minute to play.

Romeoville Units End Season In Playoffs

By DON AZARELA

ROMEORVILLE -- The Romeoville Spartan teams concluded their post-season

play Sunday in the Southwest Suburban Pop Warner division playoffs.

Playing at Lockport West High School, the pee-wees and heavyweights lost.

In the second game of the afternoon the Romeoville Spartans PeeWees were pitted against a strong Crestwood eleven. It looked like a good day for the Spartans as they took the opening kick off and then marched down the field for a Ray Pahl touchdown, with Ken Deleagan scoring the extra point.

But that ended the Spartans' scoring for the day as the Crestwood Colts came roaring back to defeat the PeeWees by a final of 14 to 7. Although the PeeWees played a strong game the Colts were just too much for the Spartan eleven.

In the final game of the afternoon the Romeoville Spartans Heavyweights were matched against Tinley Park. These two teams played to a 6 to 6 tie earlier this year, but this wasn't the

case Sunday as the Tinley Park Heavies rolled over the Spartans by a decisive 38 to 6 score.

The Spartans played well enough to win most games, but on this ideal football day, were out-played by Tinley Park. The Spartan's only touchdown was scored by Jim Boudouris.

So the day ended with Tinley Park winning the Lightweight and Heavyweight Divisions and the Crestwood Colts taking the Pee Wee title.

On Saturday, the Romeoville Spartans "B" teams played New Lenox and they fared much better. The PeeWees lost their game 21 to 6 for their only loss of the year, although it didn't matter as they had already wrapped up the title and trophy.

The Lightweights played 8 quarters before subduing New Lenox by a score of 6 to 0 with D. Buckholtz driving over for the only score. They also wrapped up the title and trophy.

Porters' 24-0 Win In Finale

LOCKPORT - A 24-0 win over Argo, Saturday afternoon, gave the Porters their first winning season since

Signing Players

LOCKPORT -- Teams interested in playing in the Lockport Township Park District's basketball leagues this winter may pick up player contracts at the Park District Office, at Dellwood Park.

There will be an organizational meeting of the basketball managers Tuesday, Nov. 18, 1969 at 7:30 p.m. at the Lockport Youth Center, 9th and Washington Streets.

The fee for the Men's League is \$45, which includes the \$10 forfeit fee returned at the end of the season if the team does not forfeit any of their league or tournament games. High School league teams - Freshmen-Sophomore and Junior-Senior will have a \$35 fee, which includes the \$10 forfeit fee.

The deadline for turning in team rosters and fees will be Saturday, Nov. 29, at noon at the Park District office. Each of the three leagues will be limited to six teams. There must be at least eight players on a team.

Only high school boys who are residents of Lockport Township are eligible for high school leagues. Age eligibility requirements are as follows: Freshmen-Sophomore boys must not be more than 16 years of age as of Nov. 27, 1969; Jr. - Sr. boys must not be more than 19 years of age as of Nov. 27, 1969. High school team players are ineligible for the program.

Participation in the Men's League is limited to men who either reside, own property, or are employed full time (at least 28 hours) inside Lockport Township. College basketball players are ineligible for this program.

For further information, contact the Park District office at 838-1183.

Wrestling Postponed

ROMEOVILLE - The Romeo Recreation Board has postponed the starting date of boys wrestling, due to a conflict in scheduling, until after the first of the year. The exact date will be announced later.

Arts and crafts classes, started last week, drew more than 300 children to the Park View School. Classes, on Tuesdays and Thursdays, are from 3:15 to 5 p.m. Classes at West View Jr. High School are held on Saturdays, at 9, 10 and 11 a.m.

Basketball at Lockport West High School began last Saturday and is held from 1:30 to 3:30 p.m. Two age groups participate in the games. Boys in the 6-12 age group and those in the 12-15 age group are urged to come out and join in the fun.

Chess began last Wednesday at West View Jr. H.S. library. Games are held from 7 to 9 p.m. Anyone may attend who has an interest in the game.

1966: Coach Bill Zimmer's squad fashioned a 5-3-1 record for the year after identical 2-7 records in 1967-68.

Gil Fash, quarterback extraordinary, threw one touchdown pass and completed 8 of 15 aerials for 137 yards as the Porters scored in every quarter. Jim Loukas, the Porters reserve fullback, crashed over from the two-yard line after two unsuccessful attempts by Ken Kennedy from the four-yard stripe. Loukas scored again in the second quarter to give the Porters a 12-0 halftime lead.

Third quarter heroics saw Ken Kennedy called on six times as he moved the ball 34 yards in a series of ten plays that covered 66 yards. Ed Stapinski, Porters fullback, rammed over from the one-yard line for the score.

In the fourth quarter a march of 61 yards was culminated by a Fash to Glenn Johnson aerial that covered ten yards and the Porters' final tally. The win also gave the Porters a share of second place in the I-8 Conference along with Joliet Central.

Gospel Meeting

LOCKPORT -- Nondenominational Christian gospel services will be held Nov. 14 and Nov. 21, at 7:30 p.m. each night, in the Rev. Bengyson Memorial Room of the Lockport Public Library.

The services will consist of brief messages about the Bible as lived and taught by Jesus and His disciples. The purpose is to teach how New Testament Christianity can be made practical today.

No collections will be solicited. Services will be conducted by William Peterson and Alan Anderson.

Twens Program

LOCKPORT -- Seventh and eighth graders (TWEENS) living in Lockport Township are invited to participate in the Lockport Township Park District recreation program for TWEENS.

The program will include athletics, games, tournaments, dramatics, music, trips, special events, seasonal parties, movies and

exhibits. Ping pong, billiards, volleyball and other table games will be part of the informal drop-in center program.

This free program will be offered at three locations: Richland School (Caton Farm Road) on Mondays and Wednesdays; A.F. Hill School on Mondays and Thursdays, and Lockport Youth Center on Fridays. Hours will be from 3:30 p.m. to 5:30 p.m. at each of the centers except during the ice skating season.

The ten-week pilot program is scheduled to begin the week of Nov. 10 and continue through Jan. 10.

Pancake Breakfast

LOCKPORT -- A pancake breakfast, sponsored by the Lockport West Band Boosters will be held Sunday, Nov. 16, from 8 a.m. to 1 p.m. in the Lockport West Cafeteria. Tickets cost \$1.25 for adults and .75 for children.

'Cuckoo Clock' Set

LOCKPORT -- Two films, "Hansel and Gretel" and "The Cuckoo Clock That Wouldn't Cuckoo," will be shown at the regular story hour Saturday morning at the Lockport Township Library.

The films will get underway at 10 a.m. in the Community Room at the library. All township youngsters are invited to attend.

The library has received several new juvenile books, many keyed to the Christmas season.

Holiday Decor

LOCKPORT -- Christmas Kapers is a crafts program offered by Lockport Township Park District to teach those interested in the art of making Christmas decorations.

The program, to begin Nov. 12 and continue each Wednesday through Dec. 3, will be held at the Lockport Youth Center from 9 a.m. to 11 a.m. each Wednesday morning.

Sex Review

SOUTHWEST -- Will County area parents are invited to hear Rep. Philip Collins of the 30th District speak on sex-education bills on Nov. 17 at Joliet Federal Savings and Loan community room at 7:30 p.m. Rep. Collins fostered several bills on sex-education and is currently serving on a state-appointed investigating committee on this subject.

After his talk two films dealing with narcotics and sensitivity training will be shown. The event is sponsored by Will County Concerned Parents group. All interested persons are invited.

Absentee Deadline

JOLIET -- The Will County Clerk's office will be open from 9 A.M. until 12 noon on Saturday, Nov. 15 to accommodate county residents who wish to vote by absentee ballot in the Nov. 18 constitutional convention election.

"The laws governing the conduct of this election," explains County Clerk Clara Hartley Woodard (R), "state that Nov. 15 is the last day voters may apply in person for absentee bal-

lots. We usually do not open our office on Saturdays, but I feel this election is so important I want to give Will County residents every opportunity to cast their votes."

Thursday, Nov. 13, is the last day a resident may apply by mail for an absentee voter's ballot.

Missionary Speaks

LEMONT -- Rev. Samuel Richardson of the Lutheran Family Mission in Chicago, will speak at 7:30 p.m., Nov. 13 at the Good Shepherd Evangelical Lutheran Church, Lemont.

Topic of his talk will be the Mission's ministry to the people in the ghetto area.

Food, clothing, toys, household appliances or any item in good condition is being sought by the mission. All residents are invited to attend.

Spaghetti Fare

LEMONT -- A spaghetti supper sponsored by the Esther Circle of the Lemont United Methodist Church will be at the teen club on Saturday, Nov. 15, from 4:30 p.m. to 7 p.m. Tickets are \$1.50 for adults and 75-cents for children who are 6 to 12 years of age.

No tickets will be sold at the door and dinners are by reservation only. To make reservations, call 257-7618 or 257-6424.

Irish Concert

SOUTHWEST -- "Ireland's Champions," comprised of seven professional entertainers from Ireland, will perform at 8 p.m., Nov. 19 at D'Amico's Restaurant,

Joliet.

Tickets are \$1.50 for students and children, and \$2 for adults. Proceeds will go to assist the Northern Ireland Relief Fund.

The concert is sponsored by the American Congress for Irish Freedom and the American Irish Immigration Committee, with William A. Lavery as Joliet concert chairman. This concert is one of a three-week US tour. Other cities included are Chicago, Cleveland, Detroit, Dayton, Boston and New York.

A Fair and Bazaar

LEMONT -- Saturday, November 15, has been selected as the date for Bromberek's Fun Fair and Christmas Bazaar. It will be held at Bromberek School from 4 p.m. to 9 p.m.

Good time, good food, good prizes, and good company. Treat the family and meet your friends and neighbors.

The proceeds of the affair go to the Community Club which in turn helps the school attain aids which it could not otherwise afford.

Drug Abuse

LEMONT -- Juvenile Drug Abuse will be the topic of discussion at the Nov. 18 meeting of the Lemont P.T.A., to be held at 8 p.m. at the Lemont Grade School cafeteria, 400 McCarthy Rd.

The program will be presented by an officer from the juvenile division of the Cook County Police Department. Anyone interested in this problem is invited to attend the meeting.

LEGAL NOTICES

NOTICE PUBLIC HEARING TO BE HELD ON PROPOSED HIGHWAY PROJECT

Notice is hereby given to all interested persons that a public hearing will be held at the Fred Francis Field, 4-H Exhibition Hall, Francis Road, New Lenox, Illinois at 7:30 P.M., November 19th, 1969 at which time they will be given an opportunity to be heard concerning their view on the proposed location of Federal-Aid Route 61 from Interstate Route 80 near New Lenox in Will County northerly to the Will-DuPage County Line near Woodridge. Interested citi-

zens from this affected area will be heard concerning the design features including the economic effect of such relocation. Assistance Program, which will be available to anyone displaced as a direct result of the construction of this project, will also be discussed at this hearing.

NOTICE LOCATION AND DESIGN APPROVAL

Notice is hereby given to all interested persons that the Illinois Division of Highways has obtained approval from the U. S. Federal Government. Bureau of Public Roads, for the location and design of the reconstruction of Illinois Route 53 from Alexander Circle northerly to approximately 1000 ft. north of Naperville Road and along Naperville Road from Illinois Route 53 westerly to near Luther Drive.

A public hearing concerning this improvement was held in the Romeoville Village Hall on May 12, 1969, transcripts for which along with copies of all exhibits and other pertinent information are on file and available for public inspection at the Elgin office of the Illinois Division of Highways, 595 South State Street, El-

gin, Illinois.

The improvement consists of channelizing the intersection of Romeoville Road and Ill. Rte. 53, widening the Ill. Rte. 53 pavement sufficiently to provide turning lanes, traffic signals and reconstructing Naperville Road to provide for two 12-foot lanes in each direction and a variable width center median together with any other work necessary to complete the improvement.

Since there will be no displacement of families or businesses, the Division of Highways Relocation Advisory Assistance Program is not being offered.

INVITATION FOR BIDS Notice Is Hereby Given by

the Board of Local Improvements of the City of Naperville that sealed bids will be received for the construction of the following described local improvement, to-wit:

The construction of water mains and sanitary sewer mains, with necessary facilities, in and along Loomis Street, Sleight Street, Columbia Street, Wisconsin Street, Burlington Avenue and Ogden Avenue (U.S. No. 34) and Naperville-Wheaton Road, to be and become a part of the combined water works and sanitary sewerage system to the City of Naperville, in accordance with the Ordinance providing therefor, passed by the Council of said City on July 7th 1969, which is on file in the Office of the City Clerk of said City, being Ordinance No. 273.69 of said City.

Said bids will be received up to the hour of 10:00 o'clock A.M., on November 26th 1969, by the City Clerk of said City, and at said time will be opened in the Council Chamber of the City Hall of said City, in open session of the said Board.

Plans and Specifications for said improvements are on file in the office of the City Clerk, and may also be examined in the office of Wight Consulting Engineers, Inc., 127 South Northwest Highway, Barrington, Illinois.

All bids must be submitted on forms which may be obtained at the Office of said City Clerk.

All bids offered must be accompanied by cash, certified check payable to the City, or a sufficient bid bond, in the amount of not less than 10% of the aggregate amount of the bid. The successful bidder will be required to enter into a bond in a sum equal to the total of the amount of the bid with sureties to be approved by the President of the Board of Local Improvements, as required by the Statutes of Illinois in such case made and provided, and all bids shall contain an offer to furnish such bond upon the acceptance of the bid.

Not less than the general prevailing rate of hourly wages for work of a similar character on public works in this locality, and not less than the general prevailing rate of hourly wages for legal holiday and overtime work, shall be paid by the contractor to all laborers, workmen and mechanics employed by the contractor in the construction of the work under the contract.

The contractor will be paid in special assessment bonds and vouchers at par. Said bonds will draw interest at the rate of six per cent. per annum.

The right to reject any and all bids is reserved.

Halloween Party For Pack 91

LOCKPORT -- The boys and parents of Pack 61 held their Halloween party on Thursday, Oct. 23. Winners of the costume competition were Mark Feigl, toddler group; Lynn Rinkenberger, 5-8; Charles Ziesener, 8-teens; Morris Gardner, adult; and Billy Williams, Cub Scout group.

Morris Walsh, of the scouting office, spoke to the group about parent participation, stating that more adult leaders are needed, particularly den mothers.

Cub Master Ed Woods presented the following awards: Jerry Shelton, Edward Biller, and Dirk Medema, Bobcat; Dwayne Eriksen, Kenneth Blackburn, Greg Michalak, Chris Nielson, Greg Gardner, Jeff Penneris, and James Oltman, one-year pins; Mark Counter, Rich Oltman, Billy Williams, Danny O'Leary, Chuck Thompson, Jim Feigl, Mark Geannerini, Jim Wade and Dave Lazzaro, outdoorsmen, forester and athlete pins; Dave Lazzaro and Jim Feigl, two-year pins.

Steve Counter was awarded the silver arrow; Eddie Woods, forester pin; Carey Koppit, engineer pin; Mark Counter, aquanaut pin; Chuck Thompson, naturalist pin; Scott Koppit, dinner bar; and Tracy King, assistant dinner bar.

Long-Lived May Be Better Off

SOUTHWEST -- The long-lived may be smarter, richer, happier and more stable than other people, according to studies presented at an International Congress of Gerontology.

Researchers, keeping track for 12 years of men and women in their sixties, have found that those who made it safely into their seventies usually scored significantly higher on intelligence tests than those who died within three years of the study's beginning. Long-term survivors also tended to retain their intellectual vigor, to lead busier lives and to be better edu-

ST. ANDREW'S WOMEN MET recently to plan the menu for the Food Booth at the C. C. W. Christmas Bazaar to be held at the school on Dec. 6. Seated, from left, are Mrs. Martha Socha, Mrs. Rita Brunner, chairman, and Mrs. Rosalind Mul-

conrey. Standing, from left, are Mrs. Jessica Michalec, Mrs. Sonja Holz, Mrs. Fran Wilmington, Mrs. Liz Jones, Mrs. Cathy Martinez, and Edith Roof.

To Tell Morals Threat

SOUTHWEST -- Reverend Francis E. Fenton, a Catholic priest from Bridge-

port, Connecticut, will deliver a lecture entitled "Morality and Decency Are Under Attack" at D'Ancio's 215 on Nov. 13, at 8 p.m.

The appearance here in Joliet is open to the public and is part of an extended tour by Fr. Fenton sponsored by a network of MOTOREDE Committees (Movement To Restore Decency).

A native of Hartford, Connecticut, Father Fenton has served as a Catholic priest since 1944. His dedication to American principles and his opposition to God-less Communism led him to membership in The John Birch Society. He serves today as one of the members of the National Council of the Society.

For more than 25 years, Father Fenton has labored to expose the Communist conspiracy in our country. In assessing the progress of our nation's enemies, he states, "The increasingly critical plight of our nation today is due to one reason above all others, and that reason is the abandonment of God and His moral law by a large percentage of the American people."

Of particular concern to Father Fenton is the wave of immorality victimizing the young. Pornography, drug abuse, sex education

in the schools, widespread indecency, and situation ethics all come under attack in his hard-hitting talk. Quoting from captured Communist documents, and citing Communist plans and purposes, the Connecticut priest sees that "this moral deterioration in large measure is the result of Communism and those who do its work."

Tickets for this engagement may be obtained by calling 723-1135, by writing to MOTOREDE at 258 Nicholson, Joliet, or at the door the night of the speech. Tickets cost \$1 in advance or \$1.50 at the door.

Christmas Seals Mailed To Homes

SOUTHWEST -- The 1969 Christmas Seals are on their way to area homes, according to Earl Meister, executive director of the newly formed Tuberculosis and Respiratory Disease Association of North Central Illinois.

Nearly 180,000 envelopes will arrive in homes within the association's seven county areas this week. Envelopes will contain the Christmas Seals, an appeal for funds to fight TB and other respiratory diseases, the 1970 community survey

x-ray schedule, and a return envelope for contributions.

The traditional Christmas Seal this year features a dozen happy children dancing around a Christmas tree. The seals have helped fight tuberculosis and other respiratory diseases since 1907.

Everyone is urged to mail in their contribution early. Persons not receiving seals, or who wish more seals, may drop a post card to the TB and RD Association, 1617 Weld Rd., Elgin, 60120.

Lecture At Bible Church

LOCKPORT -- Helen Correll, originator of the popular broadcast, "Wings Over Dayton," world traveler and lecturer will visit the High Road Bible Church, Nov. 12.

Her tour of the midwest is concerned with the story of three missionary nurses in hot, arid West Africa. The color film, produced by the lecturer, is entitled, "What's New In Mali?"

The nurses, under primitive conditions, offer medical services to the isolated people of the area.

Rev. James H. Price, minister of the church, invites everyone to hear this most interesting talk. Services will begin at 7 p.m.

Name 'Dimes' Leader

LEMONT -- Mrs. Louis (Lorraine) Ziolkowski of 5 East Custer St., Lemont, has been named as the 1970 chairman for the Mothers' March of Dimes, to be conducted in Lemont.

Announcement of her appointment was made by Joan Wagner Beck, Chicago newspaper columnist.

Climaxing the January campaign to prevent over 1,000 types of birth defects which strike 700 babies each day, will be a mothers' march held on Jan. 27. As chairman, it is the task of Mrs. Ziolkowski to enlist enough volunteers to undertake the door-to-door appeal.

Mrs. Ziolkowski is serving her first year as March of Dimes' Mothers' March Chairman. In addition, she is president of the St. Cyril's mothers' club, a member of the VFW Auxiliary of the Lemont Post 5819. She and her husband, Louis, have five children.

Santa Fe Hosts Champs Dinner

SOUTHWEST -- Santa Fe Speedway paid its traditional "thank-you" to its competitors and fans by hosting its eighth annual "banquet of Champion" victory dinner, Nov. 1, at Acacia Country Club, LaGrange.

The evening was climaxed by the presentation of

trophies to the season's top performers both in stock car and motorcycle racing.

Awards went to the following local performers: Don Waldvogel of Lockport, top late model drive, and "most popular" late model pilot; and Jerry Kling of Lemont, best looking sportsman car, and most popular sportsman driver.

Speedway final point standings for 1969 stood with the following local men in these positions: late model division - Waldvogel, number 51, first with 543 points; sportsman division - Kling, number 89, fifth place with 219 points, Al Madden, number 6, 12th place with 70 points, and Smoky Shelton, number 71, 16th place with 44 points, all three from Lemont.
